RON GALANG

SOFTWARE ENGINEER

jrrongalang@gmail.com | linkedin.com/in/justinron | +639762911692 | Calamba City, Laguna, PH

Software Engineer with practical experience in full-stack development and UI/UX design. Proven ability to contribute effectively to cross-functional teams, develop user-centric solutions, and manage projects from conception to deployment. Eager to leverage technical skills and a passion for creating clean, efficient web applications in a challenging and growth-oriented environment.

EXPERIENCE

Junior Web Developer @ Sta. Clara International Corp.

FEB 2025 - APRIL 2025

- Co-developed BAC Software from scratch **(Next.js, React, Mantine UI, Supabase (PostgreSQL DB))** via pair programming, building core procurement features to establish a streamlined workflow foundation.

- Ensured code quality for BAC Software through pair programming and thorough pull request reviews **(GitHub)**, Establishing maintainable code and team knowledge sharing.

- Managed the BAC Software deployment pipeline **(Vercel)**, enabling CI/CD to accelerate development cycles and facilitate efficient internal testing feedback.

Software Engineer Intern @ Concentrix Global

NOV 2023 - NOV 2024

- Collaboratively engineered new STARhub features **(.NET, C#, MySQL)** for 60k+ users, replacing manual Excel searches with instant in-app access to performance scores and incentives, significantly streamlining employee workflow.

- Enhanced STARhub UI/UX **(Figma)**, incorporating stakeholder feedback to create a more intuitive, user-friendly, and visually engaging interface, boosting user satisfaction.

- Executed internal deployments **(IIS)** of STARhub updates, ensuring minimal downtime and consistent application availability, facilitating rapid feature iteration for the internal platform.

- Delivered key insights into user engagement through monthly Excel reports, with platform success confirmed by positive user feedback and strong satisfaction scores, demonstrating enhanced productivity.

UI/UX DESINGER FREELANCER WIKHAIN MOBILE UI

SEPT 2023

- Designed and delivered a high-fidelity mobile UI prototype using Figma, creating intuitive interfaces for features including speech recognition, translation (STT/TTS), and image-to-text (OCR).

- Collaborated effectively with a team member throughout the design process to meet client requirements.

EDUCATION

LYCEUM OF THE PHILIPPINES UNIVERSITY

Calamba City, Laguna

Bachelor of Science in Information Technology

GWA: 1.51

SKILLS

Front-End: HTML, CSS, JavaScript, TypeScript, React.js

Back-End: C#, .NET (Razor Pages), PHP

Design: UI/UX Design (Wireframing, Prototyping, System Design), [Figma, Adobe Illustrator]

CERTIFICATIONS

Agile Project Planning
CNX / Skillsoft - Jan 2024

FMEA and Design for Six Sigma
CNX / Skillsoft - Jan 2024

Build Wireframes and Low-Fidelity Prototypes
Google (Coursera) - Sep 2023

Foundations of User Experience (UX) Design
Google (Coursera) - Jul 2023

Programming Foundations with JavaScript, HTML and CSS
Duke University (Coursera) - Jul 2022
